**Electronic Case Filing “Advanced” Training Sessions**

On February 5, 2001, the United States Bankruptcy Court for the Middle District of Louisiana, instituted a new electronic case filing system. Since we went “live”, we understand that there are many attorneys, secretaries, and paralegals that would like to have an opportunity to attend a second training session. We are pleased to announce that beginning March 27, we will offer such a training class. This advanced training session will be geared for those attorneys and their staffs that have attended the first training session and would like to learn more about the system. If you would like to attend one of these advanced training sessions, please fill out the following form and return it to Elizabeth Hager.
